

A-E2EX3 ENDURA Battery Adaptor

The A-E2EX3 is a small, lightweight V-Mount adaptor designed to work with Sony's PMW-EX3 XDCAM EX camcorder and PMW-EX30 XDCAM EX recording deck. This custom mounting solution allows use of IDX ENDURA 14.6V Lithium Ion batteries to power either the camcorder or the deck. Professionals can significantly extend their running time while taking advantage of the lightweight balance and superior performance of the ENDURA series batteries.

A-E2EX3 Product Features:

- Provides on-camera, award-winning V-Mount technology in a new adaptor precisely engineered for Sony's XDCAM series models PMW-EX3 and PMW-EX30.
- Compact design and rugged component structure provide reliable and constant, locked-in power connectivity.
- Compatible with a wide array of IDX ENDURA series batteries including E-7S and E-7—most lightweight and compact choices offering approximately five (5) hours of run time.
- V-Plate configuration includes a D-Tap connector for simultaneously powering an on-board light such as the IDX X5-Lite or other 12V accessories.
- The A-E2EX3's battery compartment may be disengaged for alternative mounting options on the PMW-EX30 deck.

Technical Specification

Maximum Output for D-Tap:
50W

Dimensions:
3.65 (W) x 5.63 (H) x 2.70 (D) inches

Weight:
1.10 lbs. approx.

Cable Length:
7.0 inches approx.
