Willi Go

Willi Go is a compact and light dolly system conceived for quick and easy use: you can mount the light dolly on your own and lay out 6.4 meters (21 ft) of quick tracks in around two minutes. Whether you want to make a smooth moving shot with the camera on your tripod or on a light crane, Willi Go will allow you to work on locations wherever you are and with the least effort.

Apart from the standard version of the "Willi Go" (see folder Willi Go) also two complete sets are available, which already contain extensive accessories and one "Willi Go-optimized" spoke base.

Delivery handling of the two kits differs as follows:

Willi Go – Basic Kit	Willi Go – Advanced Kit
1 dolly Willi Go board with track wheels 1 set light tracks 6,40 m [21 ft] / selfcentering with tie rod 1 Maxi spoke base with levelling function (fine trimmer screws) with euro adapter and seat tie bolt / spirit level inclusive 1 Seat round 1 bazooka 40 cm [15.8 in] with euro connection (central column) 1 Seat arm combined 30 cm [12 in] 1 Light ball adapter 100 mm [4 in] 1 Push-bar 85 cm [33.5 in] with joint, locking lever and soft handles 1 Bag 1 Instruction Manual	1 Dolly Willi Go board with track wheels 1 set light tracks 6,40 m [21 ft] / selfcentering with tie 1 Maxi spoke base with levelling function (fine trimmer screws) with euro adapter and seat tie bolt / spirit level inclusive 1 Seat round 1 adjustable light bazooka (53 cm bis 92 cm [21 in to 36.2 in] (central column) 1 Seat arm combined 30 cm [12 in] 1 Light ball adapter 100 mm [4 in] 1 Push-bar 85 cm [33.5 in] with joint, locking lever and soft handles 1 Bag 1 Instruction Manual

You cannot do without Willi Go whether on travel or filming in your own studio!

About ABC ...

ABC Products has been active in studying solutions for the moving camera technique for many years. Consistent lightweight construction and high functionality as well as durability are the main characteristics of our developments.

Some of our products include:

Camera balance systems (HandyMan) hand-operated or body supported for different camera weights. **Light Cranes** with different lengths, from the consumer up to the professional system with **remote Head**. **Light Dolly** with track system and **ABC Spirit Light**, a light system in a protective case.

ABC Products also carries out special solutions besides manufacturing an extensive list of accessories which all have one in common:

Filming with the moving camera!
