ZOOM SERVO DRIVE 2

designed for

Fujinon MK 18-55 mm
Fujinon MK 50-135 mm

www.chrosziel.com

Chrosziel
...the cinematographer's choice

Zoom Servo Drive 2

Single unit mounted onto lens

Two captive screws keeping the single servo drive unit permanently fixed onto lens.

Controlled via SONY FS & LANC handgrip

The Sony FS5 / FS7 handgrip zoom rocker controls directly the servo drive unit. Other zoom rockers with LANC protocol are compatible too, e.g. mounted to handgrip.

Camera control signals forwarded

Control commands are immediately looped through to the camera (e.g. menu / user buttons / focus magnification / camera run & stop).

Version 2 with updated functionality

- New firmware with improved mode switching
- Polarity protected power input
- Optically de-coupled LANC socket

Technical specifications

Dimensions (W x H x D)	2.56/2.87" x 2.66" x 1.38" 65/73 x 67,5 x 35 mm
Weight	0.33 lbs. (150 gram) with 2 screws only 0.49 lbs. (220 gram) with 2 screws 1x D-Tap and 2x Jack Cables
