New 17"/19" professional SXGA LCD monitors

JVC Professional's new LCD monitors, the GD-172 and GD-192, have been designed to provide outstanding visual performance for monitoring and control room applications.

Suitable for even the most challenging environments, the 17 and 19 inch LCD monitors have a compact, square cabinet and slim frame, ideal for both small and large scale operations.

Key features

- Superior detailed image and colour reproduction for professional monitoring
- Robust design for 24/7 operation
- Attractive slim bezel
- 1280x1024 resolution, non-glare SXGA screen
- Multi-language on-screen menu (English, French, Spanish, Italian and German)
- DVI-D input terminal

GD-172 and GD-192 monitors
