

MOBILE VIDEO STUDIO | HS-500

HS-500

The Datavideo HS-500 is a compact, portable one box solution, built around the SE-500. Designed with no compromise in performance for users where weight matters. Perfect for applications within education, places of worship, internet streaming, event & live staging, conferences and many more. HS-500 comes supplied complete in a stylish and light aluminium carrying case, for easy and secure transport and storage.

The input connections include Composite Video and Y/C (S-Video), output also includes Component (Y:U:V), which could be connected to a DVD recorder or projector.

Components

Digital Analog Switcher

SE-500

4-input Y/C (S-Video), Composite Video switcher with unique quad pre-view output, allows display of all 4 sources on a single monitor. On-screen tally light indication.

7"x 2 TFT LCD Monitor

TLM-702

The TLM-702 utilises the SE-500 unique quad pre-view output, allowing users to monitor all 4-input sources on one of the high quality 7" TFT LCD monitors, while displaying the master output on the second 7" TFT LCD monitor.

Features

Strong Locking Pivot Points

Easy adjustment of the viewing angle of the high quality TLM-702 TFT LCD monitor.

Aluminium Carrying Case

HS-500 is supplied in a stylish light aluminium carrying case, convenient for easy and secure transport and storage.

Integrated Solution:

HS-500 is fully integrated with cable loom and power supply. Connection to video sources (such as camcorders) is made easy with the quick release pivoting back panel.

Ergonomic Design:

The aluminium case has been especially designed to make operation extremely comfortable, and set up / break down very quick.
