Product Overview

■ Indicator Light

| Device Status | Indicator Status |
|---|------------------|
| Power-on | Solid green |
| Firmware upgrading | Flashing blue |
| Firmware upgrade failed or abnormal operation | Flashing red |
| Gesture recognized | Flashing green |
| Privacy shutter closed | Solid blue |
| Paired with microphone | Flashing green |

Setting Up

■ Mounting Instruction

Lyra supports multiple placement methods. It can be clipped onto a monitor using the magnetic base or mounted on a tripod via the 1/4" threaded hole at the bottom of the magnetic base.

■ Connect to the Computer

Connect Lyra to the computer using the included USB-C to USB-C cable and the USB-C to USB-A adapter. Once connected, the indicator light stays on, and the device is ready to use.

Note:

- To prevent the product from malfunctioning due to insufficient power supply, please connect it directly to your computer or use a docking station with an independent power supply. The computer USB port and docking station should support USB 3.0.
- Lyra is compatible with computers running Windows and macOS systems. To avoid compatibility issues, be sure to use the included cable to connect to the computer.

■ Auto-Framing

Lyra supports face recognition tracking. It can lock onto a person in the frame during all tracking movements and automatically complete the composition by adjusting the frame position and proportion.

■ Gesture Control

Make this hand gesture as shown in the figure to enable and disable the face recognition tracking for automatic framing.

Note:

- When using gesture control, ensure that your hand does not obstruct your face.
- After successful gesture recognition, the indicator light flashes green.

■ Privacy Protection

You can block the webcam by rotating the privacy shutter for enhanced personal privacy.

Specifications

Model: Lyra

CMOS: 1/1.5"

Digital Zoom: 1-2x

Input Power: 5V === 1A

Operating Temperature: 0°C to 45°C

Warning

If you fail to take the following precautions, you may be seriously injured or killed by the electric shock or fire disaster caused, or your webcam may be damaged. Please check whether the webcam and accessories are intact before using them. For security reasons, only Hollyland accessories that are provided with the webcam or genuine ones purchased can be used. The use of any other parts, accessories, or chargers not recommended by Hollyland may cause fire disaster, electric shock, or personal injury. Damage caused by the use of unauthorized accessories is not covered by the warranty. For approved accessories, please visit the Hollyland official website at <https://www.hollyland.com>.

1. Do not touch the USB cable ports with wet hands when connecting the webcam to the computer. Failure to follow this precaution may cause electric shock.
2. Do not place or secure the webcam on an unstable surface. Failure to follow this precaution may cause the webcam to loosen or fall, potentially leading to an accident or damage.
3. If using a third-party USB data cable for connection, comply with all safety guidelines provided by the third-party manufacturer.
4. The lens of the webcam is made of glass. If the lens is damaged, please handle it carefully to avoid being scratched by the broken lens/glass and keep it away from children.
5. If the webcam operates continuously for an extended period, the body may become slightly warm, which is a normal phenomenon.
6. This product is not a toy and you are solely responsible for complying with all local laws, regulations, and restrictions.
7. Do not use the webcam for unauthorized monitoring, candid shooting, or in any way that violates personal privacy regulations. Normally, it is strictly forbidden to use the webcam for such purposes. If you fail to follow this precaution, you may bear huge responsibilities and face criminal proceedings.
8. Do not put the webcam in extremely cold or hot environments. Extremely cold or hot environments may cause the webcam to temporarily stop working properly.

Note:

There is no protection for the lens of the webcam. If you do not pay attention to it, it is easy to cause scratches. Please avoid placing the lens of the webcam on any surface. Lens scratches are not covered by the warranty.

Disclaimer

1. Please read and follow all the instructions carefully.
2. Please note all the warnings.
3. Do not use the product near heat sources such as radiators, electric heaters, stoves, or other heat-producing equipment.
4. Use only parts and accessories specified or provided by Hollyland.
5. Please hand over all maintenance work to qualified personnel. No matter what kind of damage the product suffers, such as damage to the power cable or plug, liquid penetration, objects falling into the product, rain, dampness, failure to work normally, or falling, maintenance is required.
