

Joker²

400 - **800** - **1600**

Since 1992, K5600 Lighting has been creating innovative lighting systems for the film, TV and photographic world. For 25 years, the company has been introducing such iconic lights as the Jokers and the Alphas but also unique accessories such as the Softube and the Bug A Beam adapter for Jo Leko. Over the years K5600 has remain a human size company driven by passion and service. Today, K5600 Lighting is presenting a totally redesigned Joker range with improvements to make them even better, but also features such as Wireless DMX and quick & easy switch to tungsten.
