

ProSPEED 54

Wireless Meeting Gateway

wireless presentations

- **Projector Sharing between PCs**
- **Remotely controls networked PCs**
- **Allows for wireless presentations via WLAN**
- **Fast WLAN connection with 54 Mbps**
- **View up to XGA resolution in real time**
- **Easy to install, easy to use**

Get your Presentation Projector Networked

- The ProSPEED 54 Wireless Presentation Gateway is the innovative solution for networking presentations
- With built-in Ethernet and Wireless LAN networking, the ProSPEED 54 will turn your data projector into a smart networked projector
- No more passing the video cable around in a meeting
- Just one mouse click and your screen will be sent live through the ProSPEED 54 to the projector
- Show your presentations wire less and flexibly via the WLAN card of your laptop
- No more lending a laptop for a presentation – just control your own networked PC with the ProSPEED 54
- The fast WLAN bandwidth of 54 Mbps enables smooth flow of animated images, transitions and video playback
- The ProSPEED 54 is easily updated to existing installations

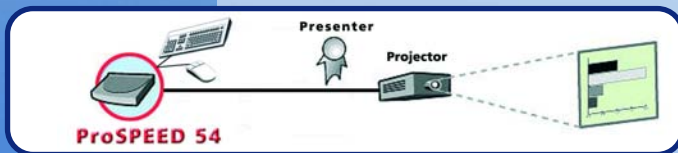

Wireless Presentation

Multiple PCs are directly WLAN-linked to the projector via ProSPEED 54

LAN Presentation

Connect the ProSPEED 54 to the network and use a mouse or keyboard to control a remote, networked PC to display its screen in the meeting room

PC-less Presentation

The built-in image viewer delivers PC-less presentations of preloaded PowerPoint files from the system's internal memory

System Requirements PC

Pentium 500MHz or faster
128MB RAM
LAN/WLAN Adapter or
Ethernet Connection
CD-ROM Drive
Windows 2000/XP
WEB-Browser (IE 5.0/Netscape 4.0)

Specifications

WLAN

Compliance IEEE802.11g (54 Mbps)
IEEE802.11b (11 Mbps)
(AP/Client/Ad Hoc mode)
Channels 13
Antenna built-in
Range Up to 328 feet (100 m) outdoor
appr. 98 feet (30 m) indoor

Security

64/128 bit WEP Encryption

Interfaces

VGA Port VESA D-Sub 15-pin female port
VGA (640x480), SVGA (800x600),
XGA (1024x768)
LAN 10/100 Mbps RJ45
USB USB Mouse or Keyboard connector
LEDs Power, Ready, LAN Link, WLAN Link

General

Internal Storage appr. 15 MB
Power 5V/2,5 A Power supply included
Weight 400 g
Dimensions 208 x 33 x 144 mm (W x H x D)
Operating Temperature 32° – 104° F (0 – 40°C)
